

The high cost of cheap clothing a TedTalk by Trisha Striker

① Listen to the Ted Talk. Take notes,

	only 5% of the companies know where their clothes comes from.
What are the numbers regarding forced labour and child labour?	14.2 million people in forced labour = half the population of Australia 168 million child labourers across the globe = 7x the population of Australia
what "choice" or other "option" do families have if not selling their children to the industry?	
What do consumers pay for? How much does the seller earn? How much the workers?	

② Research: Rana Plaza Collapse (2013)

Explain what happened during the Rana Plaza tragedy.
How is it related to Fast Fashion?
