# Klassenarbeit no. 1

## 1 Information

---

Welcome to the voluntarily German examination. This examination will cover all the topics we have done in the last classes and is a valuable indicator about the topics that needs to be revised in the classes. As this is voluntarily done, you can decide whether you want a mark or not. This mark does not necessarily represent your German level. It is a good indicator for you to see where you need to revise certain topics.

### **How this exam is performed:**

You can either use a PDF program which allows you to fill out this document or a simple text file. In both cases make sure to regularly save your work. If you use a simple text file, add the number of the task, as well as the exercise you are working on.

### **Example:**

You work at number 1. As you use a text file, you will write:

Number 1

a)

After the exam is performed, please make sure to name the assignment after your discord tag. This will help me to get in touch with you. After that, send the assignment into my DMs with a note whether you want a mark or not.

Every gap is equal to one point. Don't panic when you see many points. We decided to do that in order to have equal tasks. **Thus, every single gap is equal to one point.**

## 2 Konjugation

① Please conjugate the verbs with the given personal pronoun in the present tense. / 5

a) Du  (Sprechen)

b) Er/Sie/Es  (Laufen)
