

## SDG talks: A podcast interview (SDG No 4: Quality education)

- ① Listen to the podcast again and fill in the gaps below. You can also try to answer the questions below.

access 1x citizen 1x contribute 1x equalizer 1x find 1x hit 1x

multiplier 1x opportunity 1x value 1x

G. Brotto says education is \_\_\_\_\_.

For any child, no matter where they come from, education is an \_\_\_\_\_.

Education is also an opportunity to \_\_\_\_\_ yourself, to find your place and your \_\_\_\_\_, and your ability to \_\_\_\_\_ as a \_\_\_\_\_ to the world.

The internet has become a \_\_\_\_\_ for providing educational services.

During the Covid pandemic a lot of families have been \_\_\_\_\_ hard, though.

One reason he mentions is that not all kids have \_\_\_\_\_ to the internet.

- ② a) What kind of a lesson has Covid taught us?  
b) What other sustainability goals are mentioned, even if addressed indirectly?  
c) What improvements should be made?
